Good Rains Drench A Dust-Weary Country

On Thursday of last week the people of this community were suffering from one of the worst "Dust Rains" ever experienced, but by night Friday a gentle rain started in and nearly all night, and far up in the day Saturday, it rained and rained, following a howling wind from the east. Winter weather returned and till Monday night overcoats and plenty of fires were common.

It is estimated that this part of the country received about two inches. But as usual some sections did not get so much. But it was one of the finest seasons ever seen in most of the Hamlin territory.

Hamlin proper was a wet town. Hamlin's streets are fixed now so that they will keep one out of the mud but the drainage is so slight all bar ditches were filled and were quite full, even a week later. Trees and shrubbery will get a chance to recuperate after the long drouth of last year. Hamlin's water supply is well fixed now for a full year at least.

The grain crop, especially oats is boosted by good rains. Some oats are heading and a little more moisture will insure a fine yield in most cases.

There was not much wheat planted last fall, and the dry winds and dust came near ruining it beyond recovery. The good rain will, however make some wheat, it now appears.

DELBERT ROUNTREE -- LEASES ICE STATION

In this week's Herald Delbert Rountree is announcing the opening of the Ice Station, just north of Dode Sanford Service Station. Delbert is known by his friend in Hamlin as "DEB," so he is styling his station as DEB'S ICE. He has worked for the West Texas Utilities Company several years and this summer he takes the "Up-Street" ice station on a lease basis. He is enthusiastic about how well he will keep his friends "cool" this season. In fact, Delbert says, "just drive in and I'll treat you cool, and you'll come back." He says the days of good old ice are not gone yet by a big shot.

The Abilene Chamber of Commerce is giving, "An Appreciation Dinner" at the Wooten Hotel Saturday in honor of Judge W. R. Ely, recent chairman of the Texas Highway Commission. A number of special invitations were mailed to Hamlin citizens.

DAREDEVIL CRASH MAY MEAN DEATH

Sunday afternoon, on the Flying Field in North Hamlin, there will be a Crash that may mean death to JOHNNY HOLDEN, a daredevil Motorcycle rider.

Holden comes to Hamlin to put on a Free Show. He is the State's most noted "stuntist," whether it be on a motorcycle going at a speed of 60 miles per hour or on an airplane going at 200. Johnny is right there with all the thrills and maybe the spills.

Sometime in the afternoon, Sunday, May 12, Johnny Holden will come down the field on his motorcycle at about 60 miles per hour and crash into a big burning flaming board wall. Holden will be wearing a helmet, regulation style and two heavy coats to protect him from the flying splinters and the scorching flames.

Holden always provides an ambulance from one of the Undertakers of the community in which he "plays." Sometimes he is picked up but dead, but that is all in a day's work for the big red-faced daredevil, Holden. He weighs around 200 pounds and when he and the big motorcycle hit the blazing fence it means about 600 pounds crashing before your eyes.

While Johnny Holden is rigging up to take his death dealing crash his associate, a handsome young fellow, is playing all over the skies with a speedy airplane. This airplane will give you a real thrill for only 50 cents per ride.

"The only thing that bothers me," said Holden, "are the knots in the wood. They fly by my head like bullets from a machine gun and I've had many a knot raised on my head from the wood knots."

But suppose Johnny should pause a bit for the knots to pass his head slowly, then the blaze would scorch off his whiskers, and maybe he would drink in a lot of the fire and then what—the ambulance sure enough.

The show is FREE at the Air Field this Sunday afternoon in North Hamlin, May 12.

Mrs. D. F. Griffin was a caller at the Herald office, Tuesday and reported that she had received a letter from an old-time friend and former citizen of Hamlin, Mrs. L. L. Brown. Mr. Brown will be remembered as a former express man of Hamlin. Mr. and Mrs. Brown are now living at Brushy Knob, Mo., where they have a nice country home in the Ozark mountains.

HAMLIN WILL BE WELL REPRESENTED AT PLAINVIEW

Next week the West Texas Chamber of Commerce Convention meets in Plainview, at which time the "other folks" will learn that the "other folks" are on the map. Till then they may or may not know that.

Besides the local chamber representatives, Hamlin will be "magnified" by a "My Home Town" speaker in the person of Miss Pearl Morris, a Senior of the High School.

Posters made by pupils from Hamlin's two schools will carry "graphically" a representation of Hamlin and Hamlin's resources.

Hamlin will be on the singing platform also, in the persons of the Baize Brothers quartet.

So in oratory, in art and in song the "other folks" will know that "we folks" have a lovely little West Texas city, replete with many lovely and happy homes, a town of schools and churches, and a community of life giving resources.

In the determination of who would get the "poster honor" the art teacher, Mrs. Dopson, had her students to place on display, their offerings at the Strauss Store, and the committee made the following awards: High School, First to Miss Loretta Ubben, 2nd to James Tate May Jr. and the Grammar School, went to Virginia Brown, as first and to R. A. Dean as second. These posters are still on display at the Strauss store and if you have not seen them it will be interesting to take a look at them.

FARM FAMILIES ON RELIEF

AUSTIN, May 7.—Effective immediately, county relief administrators no longer will be permitted to extend any form of relief from general relief funds to any employable farm family, it was announced by Adam R. Johnson, state director of the Texas Relief Commission.

"A FARM FAMILY," Mr. Johnson explained, "is one residing outside limits of incorporated or unincorporated towns, villages and cities and who depend upon farming operations for the major portion of their income. It is NOT intended to include in THIS GROUP families who live on small plots of land which are sufficient only to produce a part of their sustenance requirements and upon which they can not produce a commercial crop."

"Farm families," henceforth, may receive aid only in the form of advances through the rural rehabilitation corporation. County administrators were instructed to recall any work cards issued to rural families for work relief in May and to make advances, secured by notes and mortgages, instead.

All families effected by this change immediately will become rural rehabilitation families, Mr. Johnson said, and will receive aid in the future from rural subsistence funds in accordance with their needs as established by case workers.

At the same time, administrators will contact all landlords at the earliest possible date to obtain waivers on the landlord's interest in the tenant's share of the crop. This procedure was adopted in order to secure advances which the rural corporation will make to the tenant.

"If a client transferred under these regulations receives subsistence advances, executing notes for them, and later it develops that a waiver can not be obtained from the landlord or other creditors, then the case will be dropped completely from our records," Mr. Johnson declared. "In such instances, the notes taken will be written off as a loss, but the client will receive no further advances after the date on which creditors refuse to execute waivers. Creditors will be notified when these cases are dropped from the records."

Explaining the new regulation, Mr. Johnson said it is in line with the long established method of furnishing sharecroppers. "This is what bankers and other creditors always have done," he said. "Our former practice of furnishing the tenant with subsistence needs as an outright

ROTARIANS WENT TO MIDLAND

Early Monday morning, Ira Clements, the new President of the Hamlin Rotary Club and Denman Morgan, the new Secretary of the Club, accompanied by Rotarian John D. Ferguson, left for Midland to attend the District Conference of the 41st District.

These young fellows had the pleasure of hearing an inspiring program, and attending a number of banquets and many different kinds of entertainment.

Any man who has ever attended a District Rotary Conference will say that they are noted for their dignity and business-like conduct. At the Midland Conference the best speakers of the state and of Rotary were on the program, and again the attendants returned home resolved to be better citizens and render more to their fellow man.

The local program this Wednesday consisted of reports from the three going to Midland. One of the entertainment features was an old-fashioned round-up on the biggest ranch in that county. It was just like they do it when "no company" is around. Cowboys did the work and that was followed by a chuck-wagon feed where the cowboys again were the chief actors.

The newly elected District Governor is Jim Wilson of Floydada.

Mrs. G. E. Cowan, of Wichita Falls, mother of L. L. Cowan, and sister, Mrs. A. B. Spark, and Miss Nelva Gaye Cowan and Miss Madeline Hayes, all of Wichita Falls, came Tuesday for a few days visit. Miss Hayes is a niece of John and George Howard.

MR. AND MRS. TUMLIN LEAVE FOR GEORGIA

Monday Mr. and Mrs. Garland Tumlin left for Garland's old home in Gainesville, Ga.

Mr. Tumlin, for several years has been bookkeeper for the John T. Day Hardware store in Hamlin, and the past few months his health has not been good. His physician advised a rest of several months and therefore he seeks the best place of all the world—back in the childhood home, near mother and other relatives.

Mr. and Mrs. Tumlin plan to be away for several months, perhaps till the beginning of fall. In the meantime their friends in Hamlin will listen with eagerness to learn that Mr. Tumlin's health is improving and that he will return to West Texas feeling fine.

grant just encouraged creditors to allow the relief administration to finance the making of their crops. This new regulation will help to correct that situation and dignify the aid extended farmers by eliminating the outright relief grant."

NEW BUILDING FOR NAZARENE CHURCH

Dirt is beginning to fly for the foundation for the New building for the Nazarene Church of Hamlin.

The full particulars of their plans is not available this early, but the church organization has acquired lots just west of the Russell residence and this week excavations were started for the building.

They have secured a good location. It is two blocks west of the Methodist Church, and also two blocks, northwest of the Baptist Church and three blocks southwest of the Church of Christ. It is on Hope Avenue. This is the first attempt of the Nazarene Church to operate a building in Hamlin proper. Many years ago they had their center in the Nazarene College addition in South Hamlin. The College was abandoned and last year the college building then used as a church was destroyed by fire. During the recent months the church has used the High School Auditorium as their place of worship.

The members of the Round Top H. D. Club met in the home of our Wardrobe demonstrator, Mrs. Frank Allen, Friday, May 6. This was Mrs. Allen's Achievement Day program and she gave to us a very interesting report of her year's work.

We members feel very proud of Mrs. Allen for the interest she has shown as Wardrobe demonstrator. Her wardrobe space is wonderful, you just ought to view it.

Four co-operators entered dresses for the contest. Mrs. Bates won first; Mrs. Pearl Cooper, second; Mrs. Tatum and Mrs. Moore tied for

PRESENTS ARTISTS FROM ABILENE CHRISTIAN COLLEGE AND HARDIN-SIMMONS UNIVERSITY

National Music Week has been the inspiration for a series of programs presented this week under the direction of the Schubert Music Club. The first of the series was a sacred concert presented at the First Baptist Church Sunday evening, by the club members with Mrs. Maurice Smith, director and Miss Edwina Gilbert, pianist.

Monday evening in the High School auditorium, artists from the music departments of Abilene Christian College and Hardin-Simmons University were heard in a concert. The auditorium was well filled and the enthusiastic applause which was given each number evidenced the appreciation of this rare musical treat.

Wednesday evening all of the churches of the town joined in a special prayer service which was held in the Methodist Church. The Schubert Club was in charge of the music and directed the program.

In the High School auditorium Thursday evening, a delightful and entertaining program was given by children of the members of the Schubert Club and other talented children of the town when they presented "Children's Grand Opera." This program was especially enjoyed and proves that Hamlin has much musical talent to be developed.

third. Several others started their dresses but did not get them completed in time for the contest.

We completed the business part of our program by electing Mrs. Tatum as our new president and Mrs. Cooper as Council Representative.

Our next meeting will be May 17. —REPORTER.

CHAIN LETTERS

Of all the crazy stunts this nation has fell a victim of, it is the "Send a Dime Chain Letter." These letters have made their appearance in Hamlin, and the demand for copy sheets made it necessary for the Herald to order 10,000 by wire. They have come in from as far away as Canada and California. So far no one has been reported as receiving a "dime." If this keeps up letter writing will soon take all the time left. No work, no foolin', just copy letters and expect a "dime."

NO POEMS

Nearly every week the Herald is presented with some kind of "POEM" for publication.

This is especially true in the "spring of the year." People become poetic, sentimental and otherwise, and it seems their poetic natures try to find an outlet in poems dedicated to something.

The Herald regrets not to publish these — we realize that they are prompted by some tender feeling. But poems are not welcome, and rarely will ever be printed. This holds good, even though you may have your expression couched in poetic lines for some deceased relative. Poetic lines are hard to set, and hereafter, such articles will come under the "charge" department, at 5c per line.

THOUSAND MEN

AUSTIN, Texas, May 7.— Texas' quota of young men to join the Civilian Conservation Corps has been nearly doubled by an increase from 14,200 under the old program to 26,880 under a new program, it was announced last week by Neal Guy, enrollment supervisor for Texas.

Enrollment under the new quota will take place between June 15 and August 31, Guy stated, at which time county relief administrators will receive applications from young Texans desiring to go to civilian conservation camps. Heretofore, applicants have had to be between the ages of 18 to 28. Part of the men accepted will be sent to camps in nearby states, the rest to camps in Texas.

"Application should be made to the county administrators," Guy instructed applicants, "and not to the Texas Relief Commission. The administrator is the selecting agent for his county's quota, and the delay entailed in making applications through this office invariably lessens the applicant's chances of acceptance."

Increase of Texas' quota follows President Roosevelt's authorization to increase the national quota from 300,000 to 600,000. It will enable Texas officials to bring the old quota up to full strength and take in from 10,000 to 12,000 new men.

SENIOR PARTY

The Seniors were entertained Friday evening with a lovely formal party given by Mr. and Mrs. M. T. York in honor of their son, Marvin, Jr., and the Senior Class. Effort, planning, and hard work had been put forth to make this party one that was complimented and appreciated by those present.

The guests were met at the door by Mrs. York who directed them to Mrs. Littleton and the Guest Book. The guest book was a dainty, hand-painted, white and green ship, the emblem of the Senior Class, made by Mrs. Littleton. Each guest registered in the book, and was then accompanied into the party room by Miss Joy Graham. Music was furnished during the entire evening by Miss Edwina Gilbert.

Several interesting games were played under the direction of Mr. Arlie Cassle. One of the best was a contest, wherein each guest was given a card and chewing gum to arrange a copy of the class emblem ship on the card with the gum. These were judged and Agatha Griffin won the prize which was a box of chocolates.

Between the games Rev. Littleton gave a splendid talk on some of his school day adventures. Other games were then directed by Mr. Gerald Morgan after which another talk was delivered by Mr. G. R. Bennett which was very interesting. He gave the Seniors some ideas and points for a successful future life.

Refreshments were served in three courses. The first course was fruit punch. A toast was offered to the Senior Class. The second course was a plate carrying chicken salad sandwiches, cheese niblets, stuffed pears, olives and iced tea. The plate favors were also small hand-painted ships. The third course consisted of ice cream and devil's food squares autographed with the Senior initial.

One of the nicest surprises of all was when the Seniors formed a line and marched to a table where a small school house was located. Marching from the school house, dressed in formal graduation style, were dolls with the names of the Senior on them. Each Senior was presented with the doll carrying his or her name. This was accompanied by Miss Edwina Gilbert at the piano and Mrs. Bennett singing "School

Days."

The only sad occasion came when W. L. Boyd, Jr., presented the guest book to Miss Ruby Thompson to keep as a remembrance of the Senior Class.

Arlie Cassle then introduced the guests: Mr. and Mrs. Green, Mr. and Mrs. Carpenter, Mr. and Mrs. Bennett, Rev. and Mrs. Littleton, Mr. and Mrs. Ramsey, from Sweetwater, Misses Edwina Gilbert, Joy Graham, Mr. Arlie Cassle and Mr. Gerald Morgan.

Last of all J. C. Turner gave thanks from the Senior Class to Mr. and Mrs. York and Marvin, Jr., to try to make them understand how happy the Seniors were on this oc-

casation.

boards, show similar variations in the amount saved.

But the important point, clearly indicated, is that Western's prices are appreciably lower to us than open market prices.

A special study based on 3,000 separate items of telephone equipment and supplies indicates this fact: Western Electric, as supply unit of the Bell System, sells to Bell operating companies for a fourth less, on the average, than the lowest price offered by independent supply firms.

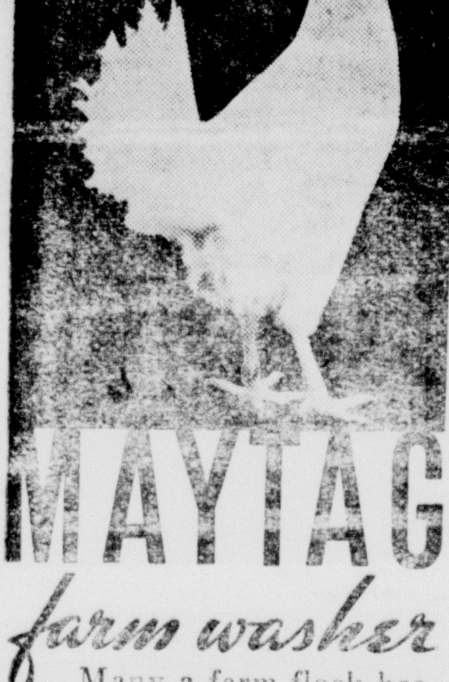

As one of the 24 associated companies of the Bell System, we buy most of our equipment and much of our supplies from Western because we get bargains there, because we get uniform quality and the assurance of exact performance... and because Western Electric parts are so designed that future improvements and developments will fit into and work with equipment already in use.

This of course does not mean a saving of a fourth on every item bought from Western Electric. Some supplies... paper, paints, poles, for example... range from 5 to 17 per cent under usual market prices. Others, such as telephones, cables, and switch-

These factors help us materially in achieving the Bell System policy of good telephone service at fair cost to the user.

WOMAN'S LITERARY CLUB

Concluding a year of interesting work and study, the Woman's Literary Club met Friday afternoon, April 26, in the home of Mrs. Tate May on Jackson avenue for the final business and social meeting.

Roses and other spring flowers decorated the entertaining rooms and emphasized the club colors of pink and green which were used in appointments and repeated in the attractive refreshment plate containing Angel food cake and sherbert with pink rose buds as favors.

Members responded to roll call with "What I Enjoyed Most of the Year Work." A very enthusiastic report on the meeting of Texas Federated Women's Clubs which was held in Mineral Wells was given by Mrs. W. R. Calhoun. Others who had the privilege of attending the District Meeting, and who supplemented Mrs. Calhoun's report were Mrs. Ted Armstrong, Mrs. B. M. Brundage, and Mrs. Tate May. The program was completed with a beautiful solo rendered by Mrs. Maurice Smith with Mrs. B. W. Nobles accompanying at the piano and Mrs. V. L. Dopson, crayon artist, illustrating.

AT THE

HAMLIN MISSION

To our many friends throughout the country who are interested in the work at the Hamlin Mission, who enjoy seeing some mention of the work in the Hamlin Herald, will say that the work is coming fine. Our attendance in regular services, prayer meetings, and Bible School is steadily growing and interest good.

We are making arrangements for our Revival, which will begin the second of June. Our choir practice under the direction of Mr. Dewey Niedeecken, and Miss Lucille Nicholson, pianist, is full of interest and old time PEP.

We extend a cordial welcome to our friends every where to drop in and enjoy the good fellowship that always greets you at the Hamlin Mission.

L. P. McCrary, M. D.

METHODIST CHURCH

We are very grateful to the Schubert Music Club of Hamlin for the excellent programs they have been giving us this week. The art of singing is one of the greatest endowments of the Christian religion.

Sunday is Mother's Day. It is a custom to wear flowers on that day in memory of Mother. If your mother is living, wear some kind of red flower, but if deceased, wear the white. Those who wish to do a deed of kindness in her memory, and have the flower s appropriate, we will appreciate having them brought to the church Sunday morning for those who might not have the appropriate

ones. The Men's Bible Class will furnish conveyance for mothers' in or near Hamlin who otherwise could not attend services. Prof. C. G. Green is the teacher and Mr. Joe Culbertson, the president of the class. Get word to either of these men and they will see that a car comes for you at the hour desired. If you are able to attend church school they will call for you around 9:30. Don't fail to let us know for we want to come for you.

Last Sunday spoiled our record attendance at Church school. It rained, you know, and we were not used to such carrying on, so too many were afraid it would melt them, or something. They just failed to report on duty. We trust you have recovered sufficiently to be with us this Sunday at 9:45.

Are you inviting your friends to come to Hamlin for the Dedication Services, Sunday, June 2nd? Have someone of your friends come back as your guests for the services. If they come a few days early they will enjoy the Revival services which begin on May 26th. We are counting on your support for the progress of God's kingdom.

H. A. LONGINO, Pastor.

AT THE

NAZARENE CHURCH

Mother, that most honored of all position ever given to humanity. That friend who will forgive when all others refuse to forgive. She who understands when no one else can understand, and who will love when all others have ceased to love, and will toil for her own when none other will toil, and who will even give her life for her child. She is the type of all that is good, and symbol of all that is pure, the Triune God—her only superior in the field of love, purity, patience and goodness. Young man are you away from home? Write your mother, tell her you love her, and that she is the greatest friend you ever had, and go to church Mother's Day—to the Church of Your Choice—To Her Church. Then write her about it.

EDUCATIONAL PROGRAM

Rev. Geo. Gardner, a young minister representing Bethany Peniel College, of Bethany, Oklahoma, will speak at the High School Auditorium Friday evening, May 10, at 8:00 P. M. We invite our friends to hear this young man, and learn about our church school and the many good opportunities it offers the young life of this country to secure a Christian education in a fully accredited college at such nominal prices as to be attractive indeed.

METHODIST SENIOR LEAGUE

We had a good attendance at our League program Sunday evening, and an interesting subject, "Planning the Worship," was discussed by Louise Proctor, Ernestine Hurley, R. N. Fairster, and Mo Velda Carlton.

A special Mothers' Day program is being prepared for our meeting for next Sunday evening. We urge all the League members to come and bring someone with you.

HAMLIN CITIZEN

VISITING BOONEVILLE, ARK.

G. R. Bates, Hamlin, Texas, is visiting in the city this week with his brother, Col. Hugh Bates and other relatives and old time friends.

Mr. Bates spent his boyhood and early manhood here, but left this section about forty-two years ago.

He came back on a visit about twenty years ago, which was the first time he had been back since he left. It had been about fourteen years

since he and Col. Hugh Bates saw each other so you see it's being a delightful visit.

Mr. Bates recalled a number of old settlers that were here when he lived here and when he visited here last that have gone to their reward, and he spoke very touchingly of his friendships with them.

The discovery of oil in the vicinity of Hamlin is bringing a business revival there that is making everyone feel better, and Mr. Bates' children, who own a hotel, are enjoying a goodly share of the increase.

It has been a pleasure to have Mr. Bates with us, and we know it has proven enjoyable to the family. We hope he will not make it so long between visits, hereafter. — BOONEVILLE (ARK.) DEMOCRAT.

Let's Talk About Clothes

by a
YOUNG MODERN
TEXAS STATE COLLEGE WOMEN

DENTON, May 6. — It's time for the last spring promenade and a change into more summery channels for the fashion world. Everywhere lighter materials are being substituted for the semi-heavy weaves, and although dark colors are still reigning high, the trend is gradually turning toward lighter and gayer frocks with which to array the approaching hot days.

Dresses are always the "top notch" garment in a discussion of clothes, and quite naturally so, for they dictate your choice of hat, shoes, bag, and gloves. Let's just see what's new in the late spring fashion ideas. For town wear, you will want

something that is pert and youthful, yet something blissfully gay in color and fashion to reflect your surroundings. Again sheer comes to the front, but this time, it is a printed pure silk triple sheer and lends itself to the making of a jacket costume. Made with willow sleeves that are really as audacious as a zephyr breeze, this frock features a jabot of solid triple sheer which is caught at the neck with a hristone clip. The jacket, belted at the front, gives the individual a debonaire as well as sophisticated appearance. This frock can also be successfully made of printed chiffon.

SWP HOUSE PAINT

You can tell the difference between SWP and a single pigment and oil job. The SWP job is glossy, fresh and smart looking. The single pigment job appears prematurely dull, dirty and shabby looking—even though protection may still remain in the paint. This is usually true because single pigment and oil paint has less control of "chalking"—weather roughens it, and dirt and soot cling to its roughened surface. Modern SWP with its Multi-Pigment, balanced formula, produces a clean "just painted" kind of job that stays lastingly beautiful. There is one sure way to get a lasting and economical paint job—insist on SWP.

Let us show you how little it will cost to give your house a REAL coat of paint—SWP
